A Self-Made Man to His Son

John Graham, at the Union Stock
Yards, in Chicago, to Pierre-
pont Graham at Waldorf-

From St. Louis Republic.]

June 25, 1890.—Dear Pierrepont:
Your letter of the 7th twists around
the point like a setter pup chasing
his tail. But I gather from it that
you want to spend a couple of
months in Europe before coming
on here and getting your nose in
the bull ring. Of course, you are
your own boss now, and you ought
to be able to judge better than any
one else how much time you have
to waste, but it seems to me, on
general principles, that a young
man of 22, who is physically and
mentally sound, and who hasn't
got a dollar and has never earned
one, can't be getting on somebody's
pay roll too quick. And in this
connection it is only fair to tell
you that I have instructed the
cashier to discontinue your allow-
ance after July 15. That gives you
two weeks for a vacation—enough
to make a sick boy well or a lazy
one lazier.

I hear a good deal about men
who won't take vacations, and who
will kill themselves by overwork,
but it's usually worry or whiskey.
It's not what a man does during
working hours, but after them,
that breaks down his health. A
fellow and his business should be
bosom friends in the office and
sworn enemies out of it. A clear
mind is one that is swept clean of
business at 6 o'clock every night
and isn't opened up to it again
until after the shutters are taken
down next morning.

Some fellows leave the office at
night and start out to whoop it up
with the boys, and some go home
and sit up with their troubles—
they're both in bad company. They
re the men who are always need-
ing vacations, and never getting
any good out of them. What every
man does need once a year is a
change of work—that is, if he has
been curved up over a desk for 50
weeks and subsisting on birds and
burgundy, he ought to take to fish-
ing for a living and try bacon and
eggs with a little spring water for
dinner. But coming from Harvard
to the packing-house would give
you change enough this year to keep
you in trim, even if you didn't have
a fortnight's leeway to run loose.

You will always find it a safe rule
to take a thing just as quick as it is
offered—especially a job. It is never
easy to get one except when you
don't want it; but when you have
to get work, and go after it with a
gun, you'll find it as shy as an old
crow that every farmer in the
county has had a shot at.

When I was a young fellow and
out of a place I always made it a
rule to take the first job that offered,
and to use it for bait. You can
catch a minnow with a worm, and
a bass will take your minnow. A
good, fat bass will tempt an otter,
and then you've got something
worth skinning. Of course, there's
no danger of your not being able
to get a job with the house—in
fact, there is no real way in which
you can escape getting one; but I
don't like to see you shy off every
time the old man gets close to you
with the halter.

I want you to learn at the outset
not to play with the spoon before
you take the medicine. Putting
off an easy thing makes it hard,
and putting off a hard one makes
it impossible. Procrastination is
the longest word in the language,
but there's only one letter between
their ends when they occupy their
proper places in the alphabet.

Old Dick Stover, for whom I once
clerked in Indiana, was the worst
hand at procrastinating that I ever
saw. Dick was a powerful hearty
eater, and no one ever loved meal
time better, but he used to keep
turning over in bed mornings for
just another wink and staving off
getting up, until finally his wife
combined breakfast and dinner on
him, and he only got two meals a
day. He was a mighty religious
man, too, but he got to putting off
saying his prayers until after he

was in bed, and then he would
keep passing them along until his
mind was clear of worldly things,
and in the end he would drop off
to sleep without saying them at all.
What, between missing the Sunday
morning service and never being
seen on his knees, the first thing
Dick knew he was turned out of the
church. He had a pretty good
business when I first went with
him, but he would keep putting off
firing his bad clerks until they
had lit out with the petty cash;
and he would keep putting off rais-
ing the salaries of his good ones
until his competitor had hired
them away. Finally, he got so that
he wouldn't discount his bills, even
when he had the money; and when
they came due he would give notes
so as to keep from paying out his
cash a little longer. Running a
business on those lines is, of course,
equivalent to making a will in favor
of the sheriff and committing sui-
cide to so that he can inherit. The
last I heard of Dick he was 93
years old and just about to die.
That was 10 years ago, and I'll bet
he's living yet. I simply mention
Dick in passing as an instance of
how habits rule a man's life.

There is one excuse for every
mistake a man can make, but only
one. When a fellow makes the
same mistake twice he's got to
throw up both hands and own up
to carelessness or cussedness. Of
course, I knew that you would
make a fool of yourself pretty often
when I sent you to college, and
I haven't been disappointed. But I
expected you to narrow down the
number of combinations possible
by making a different sort of a
fool of yourself every time. That
is the important thing unless a
fellow has too lively an imagina-
tion, or has none at all. You are
bound to try this European foli-
shness sooner or later, but if you
will wait a few years you will ap-
proach it in an entirely different
spirit—and you will come back
with a good deal of respect for the
people who have sense enough to
stay at home.

I piece out from your letter that
you expect a few months on the
other side will sort of put a polish
on you. I don't want to seem pes-
simistic, but I have seen hundreds
of boys graduate from college and
go over with the same idea, and
they didn't bring back a great deal
except a few trunks of badly fit-
ting clothes. Seeing the world is
like charity—it covers a multitude
of sins, and like charity, it ought
to begin at home.

Culture is not a matter of change
of climate. You'll hear more about
Browning to the square foot in the
Mississippi Valley than you will
in England. And there's as much
art talk on the Lake Front as in
the Latin Quarter. It may be a
little different, but it's there.

I went to Europe once myself.
I was pretty raw when I left Chi-
cago, and I was pretty sore when I
got back. Coming and going I was
simply sick. In London, for the
first time in my life, I was taken
for an easy thing. Every time I
went into a store, there was a bull
movement. The clerks all knock-
ed off their regular work and start-
ed in to mark up prices.

They used to tell me that they
didn't have any gold brick men
over there. So they don't. They
deal in pictures—old masters, they
call them. I bought two—you know
the ones—those hanging in the
waiting room at the stock yards,
and when I got back I found out
that they had been painted by a
meanly little fellow who went to
Paris to study art after Bill Harris
found out that he was no good as
a settling clerk. I keep 'em to re-
mind myself that there's no fool
like an old American fool when he
gets this picture paresis.

The fellow who tried to fit me out
with a coat-of-arms didn't find me
so easy. I picked mine when I first
went into business for myself—a
charging steer—and it's registered
at Washington. It's my trade-
mark, of course, and that's the only
coat-of-arms an American mer-
chant has any business with. It's
penetrated to every quarter of the
globe in the last 20 years, and ev-

ery soldier in the world has carried
it in his knapsack.

I take just as much pride in it
as the fellow who inherits his and
can't find any place to put it, ex-
cept on his carriage door and his
letter head—and it's a heap more
profitable. It's got so now that
every jobber in the trade knows
that it stands for good quality,
and that's all any Englishman's
coat-of-arms can stand for. Of
course, an American's can't stand
for anything much—generally it's
the turned-in-the-skin brand of
snob.

After the way some of the de-
scendants of the old New York
Dutchmen with the hoe and Eng-
lish general storekeepers have
turned out, I sometimes feel a little
uneasy about what my great-grand-
children may do, but we'll just
stick to the trade-mark and try to
live up to it while the old man's
in the saddle.

I simply mention these things
in a general way. I have no fears
for you after you've been at work
for a few years, and have struck
an average between the packing
house and Harvard; then, if you
want to graze over a wider range,
it can't hurt you. But for the
present you will find yourself pretty
busy trying to get into the win-
ning class. Your affectionate father,
JOHN GRAHAM.

The Children's Friend.

You'll have a cold this winter.
Maybe you have one now. Your
children will suffer too. For coughs,
croup, bronchitis, grip and other
winter complaints, One Minute
Cough Cure never fails. Acts
promptly. It is very pleasant to
the taste and perfectly harmless.
C. B. George, Winchester, Ky.,
writes: "Our little girl was attacked
with croup late one night and was
so hoarse she could hardly speak.
We gave her a few doses of One
Minute Cough Cure. It relieved
her immediately and she went to
sleep. When she awoke next morn-
ing she had no signs of hoarseness
or croup."

Candidate For Enrolling Clerk.

We acknowledge the receipt of
a handsome picture of Mrs. W. F.
Schueller associate editor of the
Morehead Advance, who is a re-
publican candidate for enrolling
clerk of the lower house of the
Kentucky legislature. Our citi-
zens remember Billy Schueller, who
was an attaché of THE HERALD a
few years since, and the lady
mentioned here, is his wife. Per-
sonally we have not the pleasure
of her acquaintance, but the editor
of the Register, published at Rich-
mond, where she was raised, says
that she is a most lovely specimen
of her sex, and her picture is pre-
possessing. In the event no demo-
cratic lady enters the lists, there-
fore, we are for Mrs. Schueller both
for her own sake and because she
is Billy's helpmate.

A Physician Testifies.

"I have taken Kodol Dyspepsia
Cure and have never used anything
in my life that did me the good
that did." says County Physician
Geo. W. Scroggs of Hall county,
Ga. "Being a physician, I have
prescribed it and found it to give
the best results." If the food you
eat remains undigested in your
stomach it decays there and poi-
sons the system. You can prevent
this by dieting but that means
starvation. Kodol Dyspepsia Cure
digests what you eat. You need
suffer from neither dyspepsia nor
starvation. The worst cases quick-
ly cured. Never fails.

HAZEL GREEN, KY.
THURSDAY, November 14, 1901.

THE laying of the corner-stone of the new building for the academy will record an event in the history of Hazel Green that generations yet unborn will point to with pride. The articles there deposited may not again be seen by the eye of man for a half century or more, during which time the advance in education will have been wonderful, and the people who then view the various articles that are today sealed up in that corner-stone may have cause to smile at the situation of this time. We are proud to know that among the articles deposited today will be two copies of THE HERALD, one bearing date of the event and the other a copy of the boom edition which inaugurated the current volume. While the people of today do not appreciate the paper as they ought those who are present when these copies are taken from their repository in years to come will realize the importance of the efforts we are now making and mayhap sympathize with us in the struggle we are making to give to their ancestors a first-class country paper. The improvements in the art preservative today are such that in the time which elapses between now and the date of the demolition of the building we today dedicate our paper may appear to those who then look upon it as do the efforts of the early printers to the people of this generation. The articles that are deposited in the corner-stone should include a roll of honor—that is, a list of those who contributed to the purchase of the site for the academy, that the generations yet to enter upon the stage of action may know that these people had an interest in the welfare of all who were to come after them. On the whole the event is one that will mark a new era in the cause of education in Eastern Kentucky, and the building of which this is the corner-stone will stand as a monument to the memory of the Christian Woman's Board of Missions and to those of our citizens who fostered the enterprise. We are proud that it is our privilege to be represented, both by our paper and as a contributor to the cause, and the young man and young woman of that day and generation will know that years before the era of their birth the friends of today looked forward to the future and gave of their means that this school should be perpetuated for them and their children and children's children. And may Hazel Green academy, known today as "the cheapest and best school in Eastern Kentucky," grow in grace even unto the tenth generation, and may the principal, Prof. W. H. Cord, live to a green old age to enjoy the laurels he has so faithfully fought for and then been crowned with and at the last be gathered to his reward. CHARLEY SUBLETT is elected by about 500 majority and Jesse Morris gets there by 1,000, is the latest information we can get. Kentucky returned an old time democratic majority on the 5th inst., and in some of the republican strongholds their calculations were knocked into a cocked-hat. Pike county, for instance, which has nearly always been found in the republican column, changed front this time and sends a democrat to represent her interests in the general assembly. Pike is one of the border counties, and borders on West Virginia which is rank with republicanism. But she has become enlightened sufficiently to realize that her proper place is with the democrats and the result is that she falls into line.

READ Gov. Beckham's letter to Gov. Durbin of Indiana, the figurehead who holds the chair of chief executive in that state, but who is handled by his henchmen as the whipper who contributed to the purchase of the site for the academy, that the generations yet to enter upon the stage of action may know that these people had an interest in the welfare of all who were to come after them. On the whole the event is one that will mark a new era in the cause of education in Eastern Kentucky, and the building of which this is the corner-stone will stand as a monument to the memory of the Christian Woman's Board of Missions and to those of our citizens who fostered the enterprise. MEMBERS of the administration are much disturbed by the official news from the Philippines, and one of them said to a friend a day or two ago: "I wish that we were well rid of the islands." Doubtless there are others who think the same way. Not only are bushwhacking parties of Filipinos almost constantly butchering small parties of our soldiers, but troubles of various sorts are increasing, instead of decreasing, in the portions of the islands that are under civil government. A native of Manila, who holds office under the U. S. military government of that city and is now in Washington, openly says that the only way the United States can successfully govern the Philippines for a long time to come is by military force.

GOVERNOR BECKHAM'S LETTER

To Gov. Durbin of Indiana, Answering Indiana's Excuse for An Executive Torsely.

In addressing Governor Durbin, Governor Beckham says: "Sir—Your refusal to honor requisitions some time ago sent you by me asking for the extradition of W. S. Taylor and Charles Finley, fugitives from justice from this state, charged with being accessories to the murder of William Goebel, was not unexpected, but the remarkable letter was with which you accompanied the return of the papers is indeed a surprise to me, and I sincerely regret the necessity of this reply.

"It is true, so I have been reliably informed, that you incurred campaign obligations which committed you to these two valuable adjuncts to your political fortunes, and that they had been promised immunity from arrest under requisitions from Kentucky authorities, in the event of your election as governor.

"This information has been confirmed by your conduct and by the complete sense of protection under which these two men seem to have rested since your incumbency of office. You are at least entitled to credit for having faithfully carried out your reputed agreement with them, however, and in doing so you violated your oath of office and brought discredit upon the high position you hold.

"But even with this understanding of your embarrassing position, confronted as you were, on one side by law and justice and on the other by a miserable political bargain, I could not believe you would so far forget the dignity and obligations of your office and the courteous relations that exist among chief executives of various states, as to go out of your way to offer gratuitous insult to the people of Kentucky and to cast reflection upon the courts and public officials of the state.

"If these slanderous charges had come from you as one individual, then they would be treated with silent contempt, as they so justly deserve, but as they come from you as the governor of a great state, I shall not hesitate to hold you up to public scorn and show how unjust and unfounded are the willful and inexcusable misrepresentations in your letter.

"Passing on from showing how you have disregarded the constitution and law of your country, I will proceed to show how you have perverted the record in the recent trial of Caleb Powers and sought by such action to bring discredit upon an honorable and upright judge, whose life of public service has been unstained by a single dishonorable act, and whose character as a man and as a jurist stands unimpeached among the good people of his state.

"You criticize the recent trial of Powers and denounce Judge Cantrell for his instructions to the jury. You say in your letter that he instructed it 'that it might convict on the testimony of one alleged accomplice, if that testimony was corroborated by that of another alleged accomplice; that it might convict the defendant for the act of another man, to which the defendant never agreed, etc.' 'To show how untrue the state-

ment is, I produce from the record the exact instruction of the Judge in that case on this point: 'Eighth—The jury cannot convict the defendant upon the testimony of an accomplice or accomplices unless the testimony be corroborated by other evidence tending to connect the defendant with the commission of the offense, and corroboration is not sufficient if it merely shows that the offense was committed and the circumstances thereof.'

"Is this a manly way to attack anyone? Is it right and proper to manufacture evidence to blacken, if possible, his character? 'You insinuate, too, that the Judge had been influenced in his trials of these cases by his aspirations as a candidate for the United States senate. If what rumor speaks is true, you are not above suspicion in that respect yourself, and the rancorous spirit of your letter shows that you are making a bid for the support of the implacable and radicals in your own party, with a view to that end. I doubt the wisdom of your policy to secure such an honor.'

Emulate His Example.

Willie Swango this week shipped a car load of hogs to Cincinnati, consigning them to W. R. Crawford & Co., commission men of that city, whose ad. appears in our paper. If all of our people worked on the same principle that Mr. Swango does THE HERALD would never lack for advertising patronage. He ships more hogs than any man in the mountains, but he will not ship to a man who thinks too little of his business to advertise in his (Mr. Swango's) home paper. Crawford & Co., keep their ad. in THE HERALD and in consequence keep the trade of Mr. Swango which pays them very handsomely on their investment. He patronized them because they had an ad. in our paper, found them fair and square, and has continued with them. He says, indeed, that as long as they advertise they shall have his business or a good share of it, at least. Why don't other friends of the paper do as Willie does? They would profit by it and it would certainly help us.

Sidewalks Must Now Be Built!

There are a number of sidewalks in the town only partly built, or badly built, which must be completed according to specifications on file in the Secretary's office. The matter of building walks or pavements, has been kept quiet, pending the decision in the McNabb case in the Court of Appeals. Now, as it has been shown that the Board of Trustees has sole control of the building of sidewalks, it will be expected that all walks be put in first-class condition at once. There will be no "dilly-dallying" any more. Property owners who have been ordered to build sidewalks may call upon the clerk, C. B. Rose, for specifications.

Difficult Digestion

That is dyspepsia. It makes life miserable. Its sufferers eat not because they want to, but simply because they must. They know they are irritable and fretful; but they cannot be otherwise. They complain of a bad taste in the mouth, a tenderness at the pit of the stomach, an uneasy feeling of puffiness, headache, heartburn and what not. The effective remedy, proved by permanent cures of thousands of severe cases, is

Hood's Sarsaparilla

Hood's Pills are the best cathartic.

THE HERALD.

GREATER WEEKLY

Jas. James, who purchased the farm owned by John Ward of Toller, moved last week, and the people welcomed him into their midst.

Born, to the wife of Millard Hill of Maytown, a boy. The event transpired one day last week, but the particulars are not known here.

Mrs. Angeline James and Mrs. Josephine Swango, visited their sister-in-law, Mrs. Frank Cecil, of Grassy, from Saturday until Sunday evening.

Judge G. T. Center of Stillwater, was in Toller one day last week for the purpose of letting out the contract to build a bridge across the river at that place.

The corner stone of the Morehead school, which is a mission of the C. W. B. M., was laid with imposing and appropriate ceremonies on Tuesday, the 11th inst.

NERVOUS troubles are cured by Hood's Sarsaparilla, which cures and purifies the blood. It is the best medicine for nervous PEOPLE.

Lumbermen should read the local "For Sale" on last page of this paper. The flooring machine offered can be bought for one-fourth its original cost, and will pay for itself quickly. Dressed flooring is always in demand and the purchaser of this machine can always have a supply.

Do you want a business education? If so, write Prof. B. B. Jones, Lexington, or come to this office and receive a scholarship. We can save you \$10.

Roy, son of O. W. McNabb and wife of Toller, met with a painful accident one day last week, while helping his father haul logs, and the heavy loaded wagon ran over both of his feet and mashed them very bad. He has been in a very serious condition, but at this writing, is some better.

Capt. Jinks, the traveling representative of Bryan, Day & Hunt, Lexington, was here Wednesday of last week. By the by, this firm has again changed. John Day having sold his interest to W. J. Goodwin of Somerset, the firm is now Bryan, Goodwin & Hunt. John Day will probably embark with his brother Floyd.

The corner-stone laying of the new academy building was postponed from Saturday last until today, and should the weather prove propitious it will be a gala day in Hazel Green. See program in another part of this paper, and be present to participate in the event. People from other points to a large number will be present and a grand time is expected.

John H. Rose will attend the national vehicle, harness and implement exhibition at Cincinnati, from the 18th to the 23d inclusive. There will be over 400 exhibits. Mr. Rose tries to keep abreast of the times in the improvements in vehicles, and desires to give his patrons the benefit of everything that is now and good. Hence his interest in this exhibit.

Uncle Pres Trimble was last week the recipient of a handsome walking stick from his nephew, Dr. Jeptha Allen, of Dallas, Texas, which has a pipe attachment. The pipe is screwed on and forms the head of the stick while the stem is hidden in the upper end of the cane. It was a birthday present, the old gentleman having recently celebrated his 82nd anniversary, and he is quite proud of it, although he is not a smoker.

FOR SALE—A scholarship in the Commercial College of Kentucky University. By early application at this office some young man can save several dollars.

The approach of the holidays leads one to look forward to the presents he or she will give friends, and Fred J. Heintz, the manufacturing jeweler of Lexington, can supply any taste or purse. He has a line of jewelry, watches, clocks, &c., unsurpassed for elegance of design and workmanship, and his prices will be found more reasonable than any one in his line. If you visit Lexington call and see him and if you don't, write to him and tell him what you want, enclosing the money, and you will surely be pleased. He has many patrons in this town and the surrounding country, and we have yet to hear of one dissatisfied one. If you fail to look over his line before buying you will make a mistake. So send and get his catalogue and prices, and then send him your orders.

It Saved Her Life.

Gooch's Mexican Syrup has accomplished a cure in this neighborhood which has astonished the people. Miss Davis was given up to die by her attending physician. She had lung fever. The doctor said she would die before morning, and advised to discontinue his medicine, as it was doing her no good. Her parents had a bottle of Gooch's Mexican Syrup and Gooch's Quick Relief in the house. They at once began to give the Syrup in doses one hour apart, and frequently bathed her chest with the Quick Relief. Before morning she was better, and after using a few bottles of each, she is almost as well as ever. It was almost like raising the dead, and has established the reputation of Gooch's Mexican Syrup here as a cough remedy; we can sell nothing else.

J. & N. SANDS, Trimble, Athens county, O. Gooch's Mexican Syrup cures a simple cough as if by magic, and is the best remedy for whooping cough. Price 25c.

Our people who buy fruit trees should patronize Hillenmeyer of Lexington, for the following two good reasons: First, he has no traveling canvassers and the buyer saves that commission. Second, the trees grown at Lexington are acclimated, and Mr. Hillenmeyer is absolutely reliable. When you buy from him you are sure to get exactly what you order. Prof. Cord has bought of him as have several others, including the writer, and all well pleased with their purchases. Three years ago we bought 25 peach trees from him and this year several of them produced very fine fruit. Write him for a catalogue.

"Never Burn a Candle at Both Ends" Do not run drawing vitality from the blood without doing something to replace it. Hood's Sarsaparilla gives nerve, mental and digestive strength by enriching and vitalizing the blood. Hood's Pills are mild and non-irritating.

Hoy Allen, an adopted son of John Allen of Lee City, died at that place on Monday night of fever.

Stop the Blight

It is a sad thing to see fine fruit trees spoiled by the blight. You can always tell them from the rest. They never do well afterwards but stay small and sickly.

It is worse to see a blight strike children. Good health is the natural right of children. But some of them don't get their rights. While the rest grow big and strong one stays small and weak.

Scott's Emulsion can stop that blight. There is no reason why such a child should stay small. Scott's Emulsion is a medicine with lots of strength in it—the kind of strength that makes things grow.

Scott's Emulsion makes children grow, makes them eat, makes them sleep, makes them play. Give the weak child a chance. Scott's Emulsion will make it catch up with the rest.

This picture represents the Trade Mark of Scott's Emulsion and is on the wrapper of every bottle. Send for free sample. SCOTT & BOWNE, 409 Pearl St., New York. 50c and \$1. all druggists.

NOVEMBER.

BY SAM WILSON.

November thou art trying thy best To gird on April's loveliness, And steal from his happy hours; But where, O, where are thy lovely flowers?

I pass thy leaves upon my way, And view the trees in scant array, Where birds of music made their home, And sang to spring their sweetest tone.

Go steal, if thou wilt, its plumage gay, Bedeck thyself in the purest array; No matter what beauty thy hues may bring, There's nothing like the beautiful spring.

The sale of beer and whiskey at this place has ceased. I suppose as the parties have left to locate somewhere else. I hardly think any new firm will continue the business, "as a burnt child dreads the fire."

The city is increasing in population very fast; new houses are being erected every day and occupation by people from joining states; business is waking up most every one. There are four stores in town and each has a good trade.

They had a very lively time here last Tuesday, when some difficulty arose in the grocery which

seem to involve the principal part of the men. The streets were crowded with running men in all directions; several shots were fired but no one hurt. The fuss finally proved that it was only a one sided arrangement, for there were no enemies to be seen.

We claim to be the **Lowest Priced Whiskey House.** We really sell whiskey as low as \$1.10 per gallon, and mind you: distilled whiskey—not a decoction of chemicals—but of course it is new and under proof. Our "Mountain Dew" 5 year old whiskey is a liquid joy! It is actually produced by honest Tar Heels in the Mountain Section of N. C., by the old time hand process. Every drop is boiled over open furnace wood fires, in old style copper stills, in exactly the same way as distilled by our grandfathers a century ago. First grade whiskey is sold at \$5 and 50 per gallon, but is not any better than "Mountain Dew." It is the best in the world and must please every customer or we will buy it back for Gold—and the Peoples National Bank of Winston, N. C., will tell you our guarantee is good. To more fully introduce "Mountain Dew," we offer either three or five gallons (in plain sealed box), at the special price of \$1.55 per gallon, cash with order. Positively no larger amount shipped. On future shipments we will require the usual price, viz: \$2.35 per gal. Express prepaid to all regular customers. We have branch warehouses in Denver, St. Louis, and Cincinnati, but all orders and remittances (in stamps, cash or by check, etc.) as well as requests for confidential price list must be addressed as follows:

The COMING AGE has been merged into the ARENA, and B. O. Flower, who founded and built up the ARENA, has returned to its editorial department, in which work he is associated with Mr. Charles Brodie Patterson, President of the Alliance School of Applied Metaphysics, author of a number of leading works devoted to the New Thought, and one of the most advanced philosophical thinkers of the times, and Mr. John Emery McLean, who for the last two years has been the working editor of the ARENA, and is now associated with Mr. Patterson in the editorship of MIND. This able editorial staff is assisted by the strongest and most authoritative thinkers in the New World, who from month to month contribute their best thoughts to the review which for many years has occupied a foremost position in the very vanguard of the great authoritative magazines of the English speaking world. It is the determination of the present management to restore the ARENA to its old prestige and make it absolutely indispensable to all wide awake and progressive people. Here is a list of a few contributors to early issues. They are sufficient to indicate the authoritative character of the ARENA under its new editorial management:

Hon. Wayne MacVeagh, LL. D. Dr. R. Osgood Mason. Rev. R. Heber Newton, D. D.

A WORD ABOUT "MIND." R. Heber Newton, the Hon. Boyd Winchester, LL. D., Prof. Geo. D. Herron, and Elizabeth Cady Stanton.

ARE YOU DEAF? ANY HEAD NOISES?

DEAFNESS OR HARD HEARING ARE NOW CURABLE by our new invention. Only those born deaf are incurable. **HEAD NOISES CEASE IMMEDIATELY.**

F. A. WERNER, OF BALTIMORE, MARY.

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion. About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely. I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever. I then saw your advertisement, accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and today, after six weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours, F. A. WERNER, 795 B. Broadway, Baltimore, Md. Our treatment does not interfere with your usual occupation. Examination and advice free. **YOU CAN CURE YOURSELF AT HOME** at a nominal cost. **INTERNATIONAL AURAL CLINIC, 596 LA SALLE AVE., CHICAGO, ILL.**

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Polar Bear's Little Joke.

Rosie, who is one of the big polar bears at Central Park, has the reputation among the keepers of having the "toughest" temper of any of the ursus tribe in the menageries. On the 5th inst., she ate peanuts until she wearied of them. Then she looked for other amusement.

Small boys on the hillside adjoining the bear pit tantalized the polar bear from close quarters, without police interference. Rosie reared up against the bars and observed up three boys, who were the most aggressive. They began making marks for one another to toe, all the time edging nearer the watchful Rosie. Finally one boy stuck his toe over the edge of the rock, where it was blasted away to form the pit. Then the contest was carried on by each by keeping his toe over the edge of the rock longer than the one before him.

Rosie watched, and when after several trials a shoe reached the edge of the rock she threw out a great paw with amazing swiftness and pinned the shoe and the foot. Luckily the edge of the rock was so far from the cage that Rosie's claws only reached the cap of the boy's shoe, but she had enough of a grip to hold for a second or two.

The victim yelled. His two companions, who were highly frightened, grabbed him by the arms, and all three pulled. The combined efforts resulted in getting the shoe and foot away.—New York Tribune.

Lawrence Berry, a negro, who assaulted and fatally injured Dud Crouch, at Owensville, was removed to Mt. Sterling jail because of threats of lynching.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proved catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Spreads Like Wildfire.

When things are "the best" they become "the best selling." Abraham Hare, a leading druggist, of Belleville, O., writes: "Electric Bitters are the best selling bitters I have handled in 20 years." You know why? Most diseases begin in disorders of stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves, hence cures multitudes of maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, rundown man or woman. Price 50 cents. Sold by J. Taylor Day, Hazel Green, or S. S. Combs & Sons, Campton, drug stores.

Funeral Solace for Wedding.

Six weeks ago John Schwabinski, a coal miner, was killed, and a collection amounting to \$800 was taken up by the employees and donated to the widow. Today announcement is made of the approaching wedding of Mrs. Schwabinski. The \$800 will come in nicely for the honeymoon.—Hazelton, (Pa.) Spc. Philadelphia Inquirer.

Modern Surgery Surpassed.

"While suffering from a bad case of piles I consulted a physician who advised me to try a box of DeWitt's Witch Hazel Salve," says G. F. Carter, Atlanta, Ga. "I procured a box and was entirely cured. DeWitt's Witch Hazel Salve is a splendid cure for piles, giving relief instantly, and I heartily recommend it to all sufferers." Surgery is unnecessary to cure piles. DeWitt's Witch Hazel Salve will cure any case. Cuts, burns, bruises and all other wounds are also quickly cured by it. Beware of counterfeits.

Will Not Let Go.

When last sighted Lord Kitchener was still hanging on to the hot end of the Transvaal porker, and, without discredit to him, it might be added that he was not anxious to continue in the place.—Philadelphia Enquirer.

ASTOUNDING DISCOVERY.

From Coopersville, Mich., comes word of a wonderful discovery of a pleasant tasting liquid that when used before retiring by any one troubled with a bad cough always ensuing a good night's rest. It is an unrivaled life-saver when used for desperate lung diseases. Guaranteed bottles 50 cents and \$1.00 at J. Taylor Day, Hazel Green, and S. S. Combs & Sons, Campton, drug stores. There is nothing like ASTHMALENE. It brings instant relief, even in the worst cases. It cures when all else fails.

The Rev. C. F. WELLS, of Villa Ridge, Ill., says: "Your trial bottle of Asthmalene received in good condition. I cannot tell you how thankful I feel for the good cure of my throat and Asthma for 10 years. I despaired of ever being cured. I saw your advertisement for the cure of this tormenting disease, Asthma, and thought you had overspoken yourselves, but resolved to give it a trial. To my astonishment, the trial acted like a charm. Send me a full-size bottle."

Rev. Dr. Morris Wechsler, Rabbi of the Cong. Bnai Israel, New York, January 3, 1901. DR. TAFT BROS. MEDICINE CO.: Gentlemen: Your Asthmalene is an excellent remedy for Asthma and Hay Fever, and its composition alleviates all troubles which combine with Asthma. Its success is astonishing and wonderful.

DR. TAFT BROS. MEDICINE CO.:

Gentlemen: I write this testimonial from a sense of duty, having tested the wonderful effect of your Asthmalene, for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as many others, I came to see your sign upon your windows on 130th street, New York, I at once obtained a bottle of Asthmalene. My wife commenced taking it about the first of November. I very soon noticed a radical improvement. After using one bottle the Asthma has disappeared and she is entirely free from all symptoms. I feel that I can consistently recommend the medicine to all who are afflicted with this distressing disease. Yours respectfully, O. D. PHELPS, M. D.

DR. TAFT BROS. MED. CO.:

Gentlemen: I was troubled with Asthma for 22 years. I have tried numerous remedies, but they have all failed. I ran across your advertisement and started with a trial bottle. I found relief at once. I have since purchased your full-size bottle, and I am ever grateful. I have family of four children, and for six years was unable to work. I am now in the best of health and am doing business every day. This testimony you can make such use of as you see fit. S. RAPHAEL, 67 East 129th street, New York City.

State College of Kentucky.

The Agricultural and Mechanical (State) College of Kentucky offers the following courses of study, viz: Agricultural, Horticultural, Chemical, Biological, Mathematical, Normal School, Classical, Mechanical Engineering, Electrical Engineering, Civil Engineering, each of which extends over four years and leads to a degree. Post-graduate courses of study are also provided, leading each to a master's degree. Each course of study is organized under a separate faculty. The general faculty numbers more than thirty professors and instructors. County Appointees receive tuition, room rent in dormitories, fuel and light, and if they remain ten months, traveling expenses. The laboratories and museums are large, well equipped, comprehensive and modern. The last Legislature appropriated \$30,000 for a college home for young women, and a drill hall and gymnasium has been provided for men. Military tactics and science are fully provided for and required by Congress. Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the college to supply. Last year the matriculation list was 620. For catalogue, method of obtaining appointments, information regarding courses of study and terms of admission, apply to JAMES K. PATTERSON, Ph. D., LL. D., President, Or to Prof. D. C. Mr. Cooper, Hazel Green, Ky.:

I purchased some of the Vite-Ore of you in the latter part of March, and after taking about a half-pint of the Vite-Ore Elixir my nerves were as steady as when I was 16 years of age, and I am now past 75. For more than a year I had been trying all the patent medicines and nostrums I could hear of to build myself up, but nothing did me any good until I used Vite-Ore, which my wife brought me from your house. After using it a week I went out and did three days' hard work as I have done in 25 years, and I was not more fatigued than I was 25 years ago over the same work. It is the greatest medicine in the world, and I want everybody in the mountains to know what it did for me so they may try it. Hoping every one who has that tired feeling incident to old age will buy Vite-Ore of you and give it a fair trial. I remain, thankfully yours for putting me on to this remedy.

JAMES LACY.

I can vouch for every word Mr. Lacy says in the above. I am his wife and bought the medicine of Mr. Cooper for him, though I did not have much faith in it, because we had tried so many things that did no good. I have also used Vite-Ore, and am stronger and in better health than for years, which I attribute to its use.
